Sir:

An error appears in this patent of a clerical nature. At line 2 of page 4, the "r" was left off the word "relates" so that it incorrectly read "elates". It occurred in good faith. Correction thereof does not involve such changes in the patent as would constitute new matter or would require re-examination. A certificate of correction is requested.

Errors also appear which are of PTO mistake.

Attached in duplicate is Form PTO/SB/44 with at least one copy being suitable for printing.

The exact places where the PTO errors are shown correctly in the application file are:

Originally filed application: line 16 of page 2; lines 5 and 13 of page 3; lines
